

Annual Report 2015

An initiative of the
New Apostolic Church
South East Asia

From the desk of the President

Dear Supporters and friends of the Philippines,

2015 was again a busy year. It is to be understood, humanitarian aid is a work which never ends. According to our mission to provide value and promote volunteerism, along helping the poor and needy through immediate help and rehabilitation towards sustainability we were again striving to assist those in need amid life's trying situations.

This is a challenging and quite an ambitious undertaking and often we seek answers to many questions coming to the humbling realization that no matter how much we do, it will always be only the famous drop on the hot stone. Yet we have evidence that working with love brings joy and much appreciation from many beneficiaries and giving is definitely more blessed than receiving.

A learning process was that often the poor and needy are not part of headlines and dramatic media coverage, attracting donations from all over the world. To reach out to the forgotten, those in areas where a calamity is just as big but nobody notices, is a very satisfying experience for every aid worker.

It is with great gratitude I present to you the annual report 2015. We changed the format and instead of featuring detailed project description we just compiled a list with the link to the project report on our website www.nacsearelief.org. However, please be assured that we are more than happy to submit any detailed information to our donors about any particular project, upon request. We have an open book policy and are committed to fullest transparency as part of our endeavors for good governance.

Special notation I would like to make that as a still small charity organization we have dedicated staff with and experience and expertise which is known beyond our own work. A big Swiss charity organization, CARITAS, has contracted our Mabelle Bagtas for a support mission in logistics. We admit, unfortunately we were not able to delegate her for free but yet are humbly proud that our workers are of such value.

Typhoons and natural disaster are probably also occurrences of the future. Yet we continue to grow in our field of medical and schooling support, having children very much in our focus. They are after all the future of nation, community and society. We envision now also an expansion into new territories and have the Bicol region in focus.

A warm thank you to all of you who support us; financially, whether as Corporate Social Responsibility, a private donation big or small. Every EURO, CHF or USD makes a difference. Thank you to our principal organizations "NAK-humanitas of Switzerland", "nak-karitativ of Germany" and "Missionswerk NAK-Deutschland-Sued" to whom we are fully accountable. A special thank you to our partners in the field, organizations full of idealism and dedication without we could never accomplish as much. Last but not least a very personal thank you to my staff, our social welfare worker MARLENE DATARIO and our MABELLE BAGTAS. Yes they are employed but do not shy away to work day and night as volunteers, sacrificing even quality time with family over precious days like Christmas. No words can ever describe the great work which is done silently without even being recognized at times.

Thank you and "God bless"

Urs Hebeisen

OUR VISION:

As a humanitarian organization, we aim to provide value and promote volunteerism, besides help to the poor and needy.

OUR MISSION:

From immediate help to rehabilitation to sustainability we strive to be of assistance to those in need and trying in life's situation.

OUR CORE VALUES:

1. Gal 6:10
"Therefore, as we have the opportunity, let us do good to all, especially to those who are of the household of faith.
2. Our neighbors
3. Our community

OUR ACCOMPLISHMENTS

The People of Codilla

Sitio Codilla is situated in Barangay Labrador, not far away from Ormoc/Leyte. Typhoon Yolanda, destroyed also here livelihood, homes and brought much distress to the community some 2 years ago. NACSEARelief with the financial help of “NAK-humanitas-Switzerland”, joined IKP Foundation and with the help of the local Christian leaders new life, new hope could be brought to the people of Codilla.

14 duplex houses and 9 single homes were built with a total investment from Switzerland of 3 Million Pesos.

A survey visit by the NACSEARelief team on February 26 revealed that life is back to normal. The rice fields are green again, the community is alive again and a little piggery shows that people are again back to their lifes.

Thank you to all donors of “NAK-humanitas-Switzerland”, and to Thomas Kellenberger of IKP as well as all local leaders and the people of Codilla.
